

25 Croydon Ave Mt Eden

SOLD prior to Auction \$930,000

The marketing budget was less than \$3000, the buyers had driven passed the property and noticed the For Sale sign and then went onto the internet to view the property before the first open home. They then came to the open home and purchased the property within a week .

VENDOR COMMENT I have sold a number of properties through Gilly and Grant over the years and shave always been provided with good honest advise and excellent service. The sort of advise and service that one can expect to receive from a well seasoned professionals who really know their business.
